PROFESSIONAL EXPERIENCE

Standard Chartered Bank, IT Operations

Associate Developer

07/2018 - Present

- DevOps and Agile trained developer. Collaborated with Senior Product Managers to help develop and automate POC projects for Retail, Private Banking and Wealth Management department through CI/CD processes.
- Conducted research and analysis of requirements, as well as extensive communication with various stakeholders.
- Involved in the end-to-end development of the projects, from inception to production.
- Our efforts provided the management team (MT) tools and metrics to monitor the transformation development for more than 700 projects. It is currently used as one of the ways for the MT to evaluate teams on their scorecard.

Happy Clean PLC, Cleaning Services

Co-founder

07/2017 – 12/2017

- Founded a cleaning services company that provides housewives with part-time cleaning jobs.
- Managed the daily operations and technical aspects of the company, including the creation and SEO of the site.
- Communicated extensively with various stakeholders, including clients and potential clients.

Extentia Information Technology (Pune, India)

Software Development Intern

05/2016 – 08/2016

- Researched & developed an online shopping cart project using java, javascript, ajax and bootstrap, followed by deploying it onto Google Cloud Platform.
- Presented research and deployment result to the project team. Created Google Cloud deployment guide, for the 200 employees in the company who wants to work on Google Cloud Platform in the future.

Volunteering

Overseas Community Service (Hue,Vietnam)

04/2016 – 05/2016

Organizing Committee Member (Business Program Lead)

- Liaised with Hearts for Hue Volunteers to gather requirements for us to plan our courses and lessons.
- Led a team of 3 to come up with course materials for the business skills workshop.
- Conducted business skills workshop for over 100 participants over the course of 2 weeks.
